Career Objective

Full Stack Web Developer skilled in React.js, Node.js, Express.js, and MongoDB, seeking to build scalable, user-focused web applications and contribute to high-quality software solutions in a growth-oriented development team.

Projects WanderLust – Full Stack Hotel Booking Platform (MERN Stack)

- Developed a **full-stack hotel booking platform** using **React.js, Node.js, Express.js, and MongoDB**, enabling users to browse, search, and book properties.
- Built dynamic **property listings with image uploads, pricing, location details, and reviews**, using **MongoDB and Mongoose** for data management.
- Implemented an **admin panel with CRUD functionality** and **role-based access** for managing property listings, hosts, and users.
- Developed **session-based authentication and RESTful APIs** to secure accounts and handle **bookings, listings, authentication, and data operations**.

FixNear – Local Service Booking Platform (Link)

- Developed a **full-stack service marketplace** using **React.js, Node.js, Express.js, MongoDB, and Tailwind CSS**, enabling users to discover and book local professionals.
- Implemented **role-based authentication and authorization** for **Users, Professionals, and Admins**, with separate dashboards and protected routes.
- Built **service booking, reviews, notifications, and profile management** features to streamline the service booking experience.
- Developed a **real-time Help & Support chat** using **Socket.IO**, enabling communication between users, professionals, and admins.
- Deployed the application using **Vercel, Render, and MongoDB Atlas**, delivering a **productionready and scalable** full-stack application. **Technical Skills**

- Languages: Java, JavaScript
- Frontend: HTML, CSS, React.js, Tailwind CSS
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools: Git, GitHub, VS Code, Cursor AI

Education

Master of Computer Applications (MCA) – GLA University (2026 – Present)

Bachelor of Computer Applications (BCA) – GLA University (2026)

Certifications

- Java Programming – Simplilearn (2025)
- MongoDB – MongoDB Inc. (2024)
